- **ROLES ASSIGNMENT PROCESS:**

We start with Speaker and Evaluator roles and then ask members to choose other roles. In that process everyone is asked to volunteer. If there are 2 people asking for the same role, then the club president and VP Education (VPE) asks them to pick a number between X and Y and whose ever number is closer to what President/VPE had in mind gets the role. When no members are willing to take on remaining roles, then we assign roles to specific individuals.

We recommend members to take on the Speaker role as that's what helped me to allay my fears of Public Speaking. Once members have given 3-5 speeches, they can take on the Evaluator role as by that they will gain experience on how other members are evaluating them.
